To: Eligible Transportation Development Act, Article 3 Applicants
From: Dana Turrey, Transportation Planner
Re: Call for Projects - Transportation Development Act, Article 3, FY 22-23
Date: February 17, 2022

Project Applications due March 14, 2022

Call for Bicycle and Pedestrian Projects:

Transportation Development Act (TDA) funds are generated from a statewide ¼ cent sales tax. Article 3 of TDA (TDA3) is a set-aside of approximately 2% of those funds for bicycle and pedestrian planning and projects. The Metropolitan Transportation Commission (MTC) administers TDA3, which is distributed based on population.

Sonoma County's incorporated cities/town and the County of Sonoma are eligible to apply. There are no matching requirements with this funding source. Projects are required to meet Caltrans safety design criteria and CEQA requirements; be completed within three years; be maintained; be consistent with adopted bicycle plans; and be authorized by a city/town council or county board. Projects are recommended by existing city, town, and county bicycle and pedestrian advisory committees (BPACs) or designated entity.

Eligible Project Types

MTC updated the policies and procedures for TDA3 on December 16, 2020 to add quick builds and separated bikeways as eligible project types and to make other minor changes.

The following project types are eligible for TDA3 funding:

1. Construction and/or engineering of a bicycle or pedestrian capital or quick build projects.
2. Maintenance of Class I shared-use paths and Class IV separated bikeways.
3. Bicycle and/or pedestrian safety education program (no more than 5% of county total).
4. Development of a comprehensive bicycle or pedestrian facilities plans (allocations to a claimant for this purpose may not be made more than once every five years).
5. Restriping Class II bicycle lanes and buffered bicycle lanes.

Funds may not be used for Class III projects on arterials or streets with posted speed limits above 25 mph.

Funding Available for Programming in FY 22-23 "Scorecard"

The table below shows the FY22-23 entitlement for each jurisdiction, which is based on the MTC fund estimate of new revenues, population and any funds banked or rescinded from previous years. The total funds

available for programming in Sonoma County this year are \$1,812,232. Any adjustments to the fund estimate will be accounted for in the carryover for future years.

Countywide Programmable Total (less 3%)					\$1,812,232

Banking Funds

Any unused funds will be carried over into future calls for projects. There is no limit to the number of years funds may be banked.

Advancing Funds

TDA3 funds may be advanced (“borrowed” from the countywide fund) for up to two years of projected entitlement plus the entitlement for the current year. This mechanism allows jurisdictions to gather sufficient amounts, from past and future entitlements, to fund projects. Programming in any given year, however, cannot exceed the sum of the total revenues available for programming in Sonoma County. To advance TDA3 funds, project sponsors must submit a request to advance funds to Dana Turrey at dana.turrey@scta.ca.gov by the deadline for this call for projects.

Application Information

Jurisdictions may prepare and discuss applications, in advance of the official Call for Projects. MTC’s TDA3 application form and model resolution document can be downloaded from this website: <https://mtc.ca.gov/funding/regional-funding/tda-sta/bicycle-pedestrian-funds-tda-3>. One resolution may be

used for multiple projects with the same project sponsor. Map and documentation of environmental clearance (if applicable) shall be included for each project.
