

# RESERVE FOR EXISTING PROJECTS

## PROJECT SPONSOR

Sonoma County Transportation Authority

## PROJECT FACT SHEET

### EXPENDITURE PLAN DESCRIPTION

This project provides a reserve of funding for other projects originally included in this program category. Reallocation of tax proceeds within a program category will be based first on project readiness and availability of matching funds. The next tier of criteria will include impact on congestion, cost-effectiveness and schedule adherence as determined by the SCTA. Existing projects for the LSP Project Category that need additional funding will be the first priority, changes in scope will be second priority. New projects will not be considered unless and until existing projects are completed or withdrawn by sponsors. Projects must maintain a 50% match level from other funding sources.
